

STREET SMART

Make Plainfield's Streets Safer!

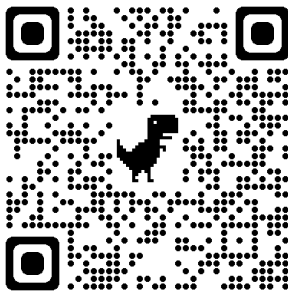

Take the Street Smart Plainfield Survey

The City of Plainfield is working on a **Street Smart NJ** pedestrian safety campaign in partnership with EZ Ride Transportation Management Association and the North Jersey Transportation Planning Authority.

If you live, work, or study in Plainfield, take a 5 minute online survey in English or Spanish by August 2, 2022 and find out how much you know about NJ traffic laws and steps that drivers and pedestrians can take to make our roads safer. All who complete the survey will be entered in a raffle for a \$100 gift card.
