

## **NEIGHBORHOOD ENHANCEMENT PROGRAM (NEP)**

The NJ Department of Community Affairs has developed a program to address the shortage of affordable rental and for sale housing caused by Superstorm Sandy, while at the same time returning abandoned and blighted housing to viability. It is designed to support local efforts to redevelop or rebuild strong neighborhoods within the nine (9) counties most impacted by Superstorm Sandy. Those nine (9) counties include: Atlantic, Bergen, Cape May, Essex, Hudson, Middlesex, Monmouth, Ocean and Union
