PURPOSE OF REQUEST

The intent of this RFQ is to qualify management consultants for work under the City's Brownfields Program. The Brownfields Program is administered by a Brownfields Advisory Committee (BAC), the membership of which includes City and County staff, stakeholder regulatory and funding agencies, the management consultant for EPA funded projects, and the management consultant(s) selected through this request for qualifications. The BAC provides direction to the City regarding the oversight of City-managed brownfields projects at various properties throughout the City. Projects are selected according to variety of factors, including the planning and redevelopment goals of the City, and the requirements of the funding agencies. The projects are funded by multiple sources, including U.S. Environmental Protection Agency (EPA) brownfields assessment and cleanup grants, and the New Jersey Hazardous Discharge Site Remediation Fund (HDSRF). Management work solicited under this RFQ is for sites included within the NJDEP designated Brownfields Development Area (BDA).

Qualification of consultants through this RFQ does not commit the City to contracting with that consultant for any work. The selected consultants, when and if awarded work, must comply with the various provisions of the funding agency or agencies involved in the project. The respondents shall demonstrate familiarity and prior experience with, at a minimum, all applicable Federal regulations such as 40 CFR Part 31 and 40 CFR Part 35 Sub Part O, reporting requirements for federal grant programs, and the NJDEP requirements associated with HDSRF. The provisions of these various regulations may be included in the terms and conditions of any contract issued pursuant to this RFQ.

The City intends to qualify person(s) and/or firm(s) that (a) possesses the professional, financial and administrative capabilities to provide the proposed services, and

(b) will agree to work under the compensation terms and conditions determined by the City to provide the greatest benefit to the taxpayers of the City. Through the RFQ process described herein, persons and/or firms interested in assisting the City with the provision of such services must prepare and submit a Qualification Statement in accordance with the procedures and schedule in this RFQ. The City will review Qualification Statements only from those persons and/or firms that submit a Qualification Statement which includes all information required to be included as described herein (in the sole judgment of the City).

The City of Plainfield is issuing a separate request for qualifications for conducting environmental engineering under these grant programs in support of Plainfield's Brownfield Program. Firms may respond to both this RFQ for Environmental Management Services work as well as the Environmental Services RFQ. However, the city considers it a conflict of interest to allow the same firm to serve both roles. As a result, if the firm selected under this RFQ is on the Qualified Firms List for environmental services work, that firm will be asked to make a decision on whether to withdraw their management proposal, or withdraw their name from inclusion on the prequalified list.

PERIOD OF CONTRACT

March 20, 2013 through December 31, 2013

CONTRACT FORM

The successful contractor shall be required to execute the City's form contract, which includes the indemnification, insurance, termination and licensing provisions. A complete copy of a draft City form contract is available upon request.

It is also agreed and understood that the acceptance of the final payment by Consultant shall be considered a release in full of all claims against the City arising out of, or by reason of, the work done and materials furnished under any Contract Awarded. The City of Plainfield and EPA have the right of termination of contract for cause.

DETAILED REQUIREMENTS OF THE REQUEST FOR QUALIFICATIONS FOR MANAGERIAL SERVICES FOR THE BROWNFIELD DEVELOPMENT AREA

1. **CITY OF PLAINFIELD FACTS AND FIGURES** – The City of Plainfield is a municipal government entity. The City was incorporated in 1869 and operates pursuant to N.J.S.A. 40A:61-1 et seq.

The City's operating budget is approximately \$64 million. It provides significant and diverse services to its residents, including those in the senior, disabled, veterans and other communities.

In 2009, The City of Plainfield (City) received Brownfield Development Area (BDA) designation for the City's Central Business District (CBD) which includes the East Third Street and Richmond Street Redevelopment Area, the North Avenue Redevelopment Area and Marino's Tract Redevelopment Area.

A concentration of commercial and industrial development along the New Jersey Transit Rail Line traverses through the center of the City trending northeast/southwest. To a lesser degree, commercial and industrial development also extends from south to north along the central transportation corridors. The BDA area coincides with the rail line, existing transit stations, the main vehicular transportation corridors and the higher density business district in the central portion or core of the City.

The intended reuse of the area is as high density mixed-use retail/service commercial and apartment land use pattern centered on the Downtown Train Station, with a transition to a medium density mixed-use and industrial pattern. Thirteen brownfield properties were identified in the BDA application.
