BUDGET MESSAGE

The 2014 City of Plainfield municipal budget set forth operational objectives to take the City in a "new direction" designed to slow and ultimately reverse the negative trends that had been plaguing the City in the recent past. Community development, economic development and providing the services that protect the health, safety and welfare of our City residents were treated as budget priorities. While the City continues to make operational improvements, the 2014 fiscal results were extremely positive, yielding an improved fiscal position evident by the Current Fund surplus figure increasing from \$5.6 million at the end of 2013 to \$7.6 million at the end of 2014. Despite receiving exorbitant increases of nearly \$2 million in the NJ State administered health benefit and pension systems, this 2015 City of Plainfield municipal budget continues in the aforementioned direction supporting initiatives of community and economic development while maintaining the City's economic integrity.

The City of Plainfield is in the final stages of completing a refinancing of outstanding debt from 2007 which will save the City an estimated \$550K in interest payments over the life of the issue. In the course of completing this refinancing, the City sought a debt rating from Moody's Rating Agency, which considers many different variables in their rating determination. On March 12, 2015, Moody's upgraded the City's debt rating from an A1 with a negative outlook to an A1, removing the negative outlook. This rating upgrade is a definite indication of Moody's acknowledgement of the City moving in the right direction and embracing the "new direction" in which the City is moving.

While 2014 showed improvement, it still represented a year of transition. The 2015 City of Plainfield municipal budget not only addresses the immediate needs of the City but also continues the initiatives set forth in 2014 while planning ahead for a positive and prosperous future.

EXPLANATORY STATEMENT - BUDGET MESSAGE - CITY OF PLAINFIELD

Under the City's various labor contracts certain employees are required to make contributions towards the cost of Health Benefits. The following schedule discloses the impact of these contributions on the 2015 budget:

Projected 2015 Group Health Insurance Cost	\$12,674,625.00
Projected 2015 Employee Contributions -	\$ 1,800,000.00
2015 Group Health Insurance Budget Appropriation	\$10,874,625.00

NJSA 40A:4-45.1 et.seq. "The Local Government CAP Law" places limits on municipal expenditures. Commonly referred to as the "CAP", it is actually calculated by a method established by law. The calculation starts with the Total General Appropriations of the 2014 budget and subtracts certain 2014 appropriations including the Reserve for Uncollected Tax, debt service, State and Federal aid, etc. The resulting figure is then multiplied by the CPI (1.5% for 2015). The result is the maximum the 2015 "IN CAP" budget appropriation can increase over the 2014 "In CAP" appropriations. The multiplier can be increased to 3.5% instead of the CPI if, prior to budget introduction of the 2015 budget, an index rate ordinance is approved by the governing body. In addition to the aforementioned increase, the "CAP" may be increased by an increase in valuations of new construction. Also, the "CAP" may be exceeded if approved by the voters by referendum. The actual "CAP" calculation for this municipality will be reviewed and approved by the Division of Local Govt. Services in the NJ State Dept. of Community Affairs, but the calculation upon which this budget is prepared is as follows on the next page.

NOTE:

MANDATORY MINIMUM BUDGET MESSAGE MUST INCLUDE A SUMMARY OF:

1. **HOW THE LEVY AND APPROPRIATION "CAP" WAS CALCULATED.** (Explain in words what the "CAPS" mean and show the figures.)
2. **A SUMMARY BY FUNCTION OF THE APPROPRIATIONS THAT ARE SPREAD AMONG MORE THAN ONE OFFICIAL LINE ITEM** (e.g. if Police S & W appears in the regular section and also under "Operations Excluded from "CAPS"" section, combine the figures for purposes of citizen understanding.)

CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM

This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means.

CAPITAL BUDGET

- A plan for all capital expenditures for the current fiscal year.

If no Capital Budget is included, check the reason why:

- Total capital expenditures this year do not exceed \$25,000, including appropriations for Capital Improvement Fund, Capital Line Items and Down Payments on Improvements.
- No bond ordinances are planned this year.

CAPITAL IMPROVEMENT PROGRAM

- A multi-year list of planned capital projects, including the current year.

Check appropriate box for number of years covered, including current year:

- 3 years. (Population under 10,000)
- 6 years. (Over 10,000 and all county governments)
- ___ years. (Exceeding minimum time period)

Check if municipality is under 10,000, has not expended more than \$25,000 annually for capital purposes in immediately previous three years, and is not adopting CIP.

NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM

The effects of the last couple winters on the roads over the last few winters has been disastrous. The City is in the process of allocating funds to take advantage of declining asphalt prices and to commence it's 2015 road improvement program as the weather gets warmer in the upcoming weeks. It had been decided that the City would proceed with it's road improvement program at a rate estimated at \$1.5 million annually however with oil prices declining to a level not seen in years, the City is shifting it's capital plan to provide accelerated funding to the road improvement program in order to take advantage of the reduced asphalt prices and maximize the impact of each dollar spent on road improvement.

Other Capital improvements considered for this year are mainly public safety oriented; a generator for the Police /Court operations, and a police computer center along with an ordinance to support the City's need for building demolition as the City attends to the vacant and abandoned properties within it's borders. Requests for other capital improvements such as municipal building and facility improvements, Library facility improvements, a ladder truck for the Fire Department will be considered for funding in subsequent years.
