Re: 529-539 West Seventh Street

Dear Ms. Beni:

I have reviewed the plans for the two single-family homes that are to be built at 529-539 West Seventh Street. Per the Plainfield MUA Rules & Regulations, there are connection fees and application fees associated with this project. The connection fee per house is \$2,527.00 plus an application fee of \$50.00. There is also a sanitary sewer connection application to be filled out for each property and returned to my attention.

The total connection fees and application fees for both houses is \$5,154.00. This is to be paid before the connections are made to the sanitary main in the street. Once all of the financial obligations to the Plainfield MUA have been satisfied, I will issue a letter that you must take to the Plainfield City Hall when you apply for your Certificate of Occupancy. They will not issue a CCO without this letter.

If you have any questions please let me know.

Yours truly,
