CREATE A STARTLOGIC ACCOUNT

After signing in to Google, create an account at StartLogic.com.

Agree to the Terms of service.

Sign in with your Google Account.

Create Your Account

How Does It Work?

First, you’ll answer a set of questions to help tailor the content of your website.

Then, you’ll choose the industry best suited for your website to help guide the overall design.

Here’s where you come in! Customize your content as you see fit and select or upload images of your own.
SET YOUR SECURITY QUESTION

Help yourself get signed back in by choosing a security question.

Select a security question, and enter the answer.

Click "Submit."
Congratulations!
Your account is ready. Now, let's get building!

What's next?

1. First, you'll answer a set of questions about your business so we can suggest the best industry template for your website.
2. Then, when you come int contact with your designer, you can request changes to your design.
3. Once you're ready, your designer will send you the final product.

That's all there is to it!

Click to create your website.

ANSWER QUESTIONS TO GENERATE TEXT

Let's create some starter text

Good text on your page is important.
Good text makes a great impression. Unique text helps your site appear at the top of search engine results, like Google.

Create new text (1 of 5)

Question 1
What do you call your customers?
- Customers
- Clients
- Donors
- Students
- Patients
- Create your own

Create new text (5 of 5)

Question 5
Want to get listed high in search engines like Google? Add unique content to your website.
Give an example of what your customers like best about your business:

Our premiere event cakes have been featured at presidential inaugurations, weddings, cotillions, and other special

Click "Continue."
