PLAINFIELD DIVISION OF PUBLIC WORKS

REGULATIONS AND SPECIFICATIONS

APRIL THROUGH DECEMBER 2019

STORM WATER REGULATIONS ARE IN EFFECT. State Mandate: All municipalities must remove loose debris from curb areas within seven (7) days or residents will be required to bag leaves and yard waste placed at the curb. Failure to comply will subject the City to fines. In an effort to prevent our residents from mandatory bagging of leaves and yard waste, it is crucial that all yard waste and leaves be placed at curb no later than 6 A.M. the day of pickup.

Brush and Tree parts:

All brush and tree parts **MUST** be tied and bundled.

- Maximum length – 4 feet
- Maximum weight – 50 pounds

Maximum bundles per pickup – 8

Oversized or untied brush and tree parts are an improper putout and will be subject to citation by a City Code Enforcement Officer. Residents or private contractors can take brush and tree parts, in excess of the above limits, to the PMUA, Rock Avenue Transfer Station. Fees will apply. For more information, call the Transfer Station at (908) 226-2518.

PROPERTY OWNERS ARE RESPONSIBLE FOR THE REMOVAL OF THEIR PRIVATE TREES OR TREE PARTS WHEN THEY EXCEED THE ABOVE LIMITATIONS.

Leaves and Yard Waste:

Place leaves and yard waste at curb loose or in biodegradable paper bags **ONLY**. Bags are available at the City Yard, 745 South Avenue. **DO NOT** contaminate with litter, dirt, grass, garbage or any other foreign objects. Plastic bags are an illegal putout and will be subject to a citation by a City Code Enforcement Officer.

Grass will be excepted in biodegradable bags only. DO NOT place loose leaves or bagged leaves at the curb until the scheduled pickup date (see map and schedule inside). Maximum bag weight: 50 pounds.

- **DO NOT MIX BAGS WITH BUNDLED BRUSH!!!**
Mixed leaves and brush will not be picked up.

Street Sweeping:

For information on the scheduled activities, please call the Division of Public Works at (908) 753-3427 or stop by the City Yard, 745 South Avenue.

Hot Line Number: 908-753-3427

Inlet/Potholes: If you notice a clogged inlet or a pothole, call the hot line and give them the location.

New Brunswick NJ

RESIDENTIAL CUSTOMER

The City of Plainfield, NJ

From the Mayor's Desk

It's our pleasure to provide you with the Division of Public Works 2019 curbside collections for brush, yard waste, and fall leaf collection. Attached is the scheduled pick-up dates for your area. Keep this brochure in a convenient place and refer to it over the coming months.

The City of Plainfield like the rest of New Jersey experienced frigid temperatures for most of the winter, and many of the residents including myself were hoping for a mild March. However, Mother Nature had different plans. Three (3) snow events for the first two (2) weeks of March kept our DPW crews busy. Despite the timing of the weather events, which occurred during peak traveling time for commuters; our DPW snow-fighters kept our streets and thoroughfares open for all emergency response vehicles and equipment.

Road maintenance continues to be a top priority for my administration. Our focus remains on **Preventive, Repair, and Replacement** of our roads:

Preventive-In-house Crack Sealant:

- ◇ Over 54,000 linear feet (10.22 miles) of hot emulsion sealant was applied to fractures along recently milled and paved roads. This treatment helps prevent liquid penetrating the road cracks that lead to road failure (potholes).

Repair-Pothole Repairs, once the thaw/freeze cycle is complete; our DPW crews are ready to respond:

- ◇ Automated pothole machine, the pothole doctor utilizing spray injection technology from the safety of the Pothole doctor cab, a single operator controls a hydraulic boom, which clears the pothole of debris, applies liquid asphalt until the pothole is filled, seals it and tops it off with a dry aggregate coating. The repaired roadway is immediately ready to handle traffic. The repairs last longer than the cold patch method utilized in the past. There is also a reduction in labor cost.
- ◇ Four-ton hotbox trailers allow staff to transport patching material to various locations in town and apply the material at the proper temperature assuring a longer lasting repair.

Replacement-Milling, Paving, and reconstruction:

For the third year in a row, utilizing the cooperative purchasing power of

more than 200 municipalities, and through funding from the NJDOT our milling and paving program continued uninterrupted. From 2016 to date we have paved:

- ◇ 90-Roadways
- ◇ Approximately 35.3 miles of road
- ◇ Upgrades to ADA crosswalks.
- ◇ Performed road striping.
- ◇ There is funding of 1.2 million allocated for the 2019 Road Maintenance Program.

Another area of focus for us is Property Maintenance. In the past, many residents expressed concerns about what appeared to be illegal work happening without the proper permits and forms required. Much of this work took place on weekends. In response to these complaints and our attentiveness to quality of life for residents, the city of Plainfield's Division of Inspections put two (2) inspectors on a weekend schedule to monitor illegal activity. This is not to discourage or penalize a homeowner from completing weekend work; it's to ensure that all necessary permits and approvals have been completed to ensure adherence to safety guidelines and other industry standards.

In closing, I encourage you to contact my administration at communications@plainfieldnj.gov if you have suggestions or comments.

We remain committed to providing you with the highest level of service as we work toward creating,

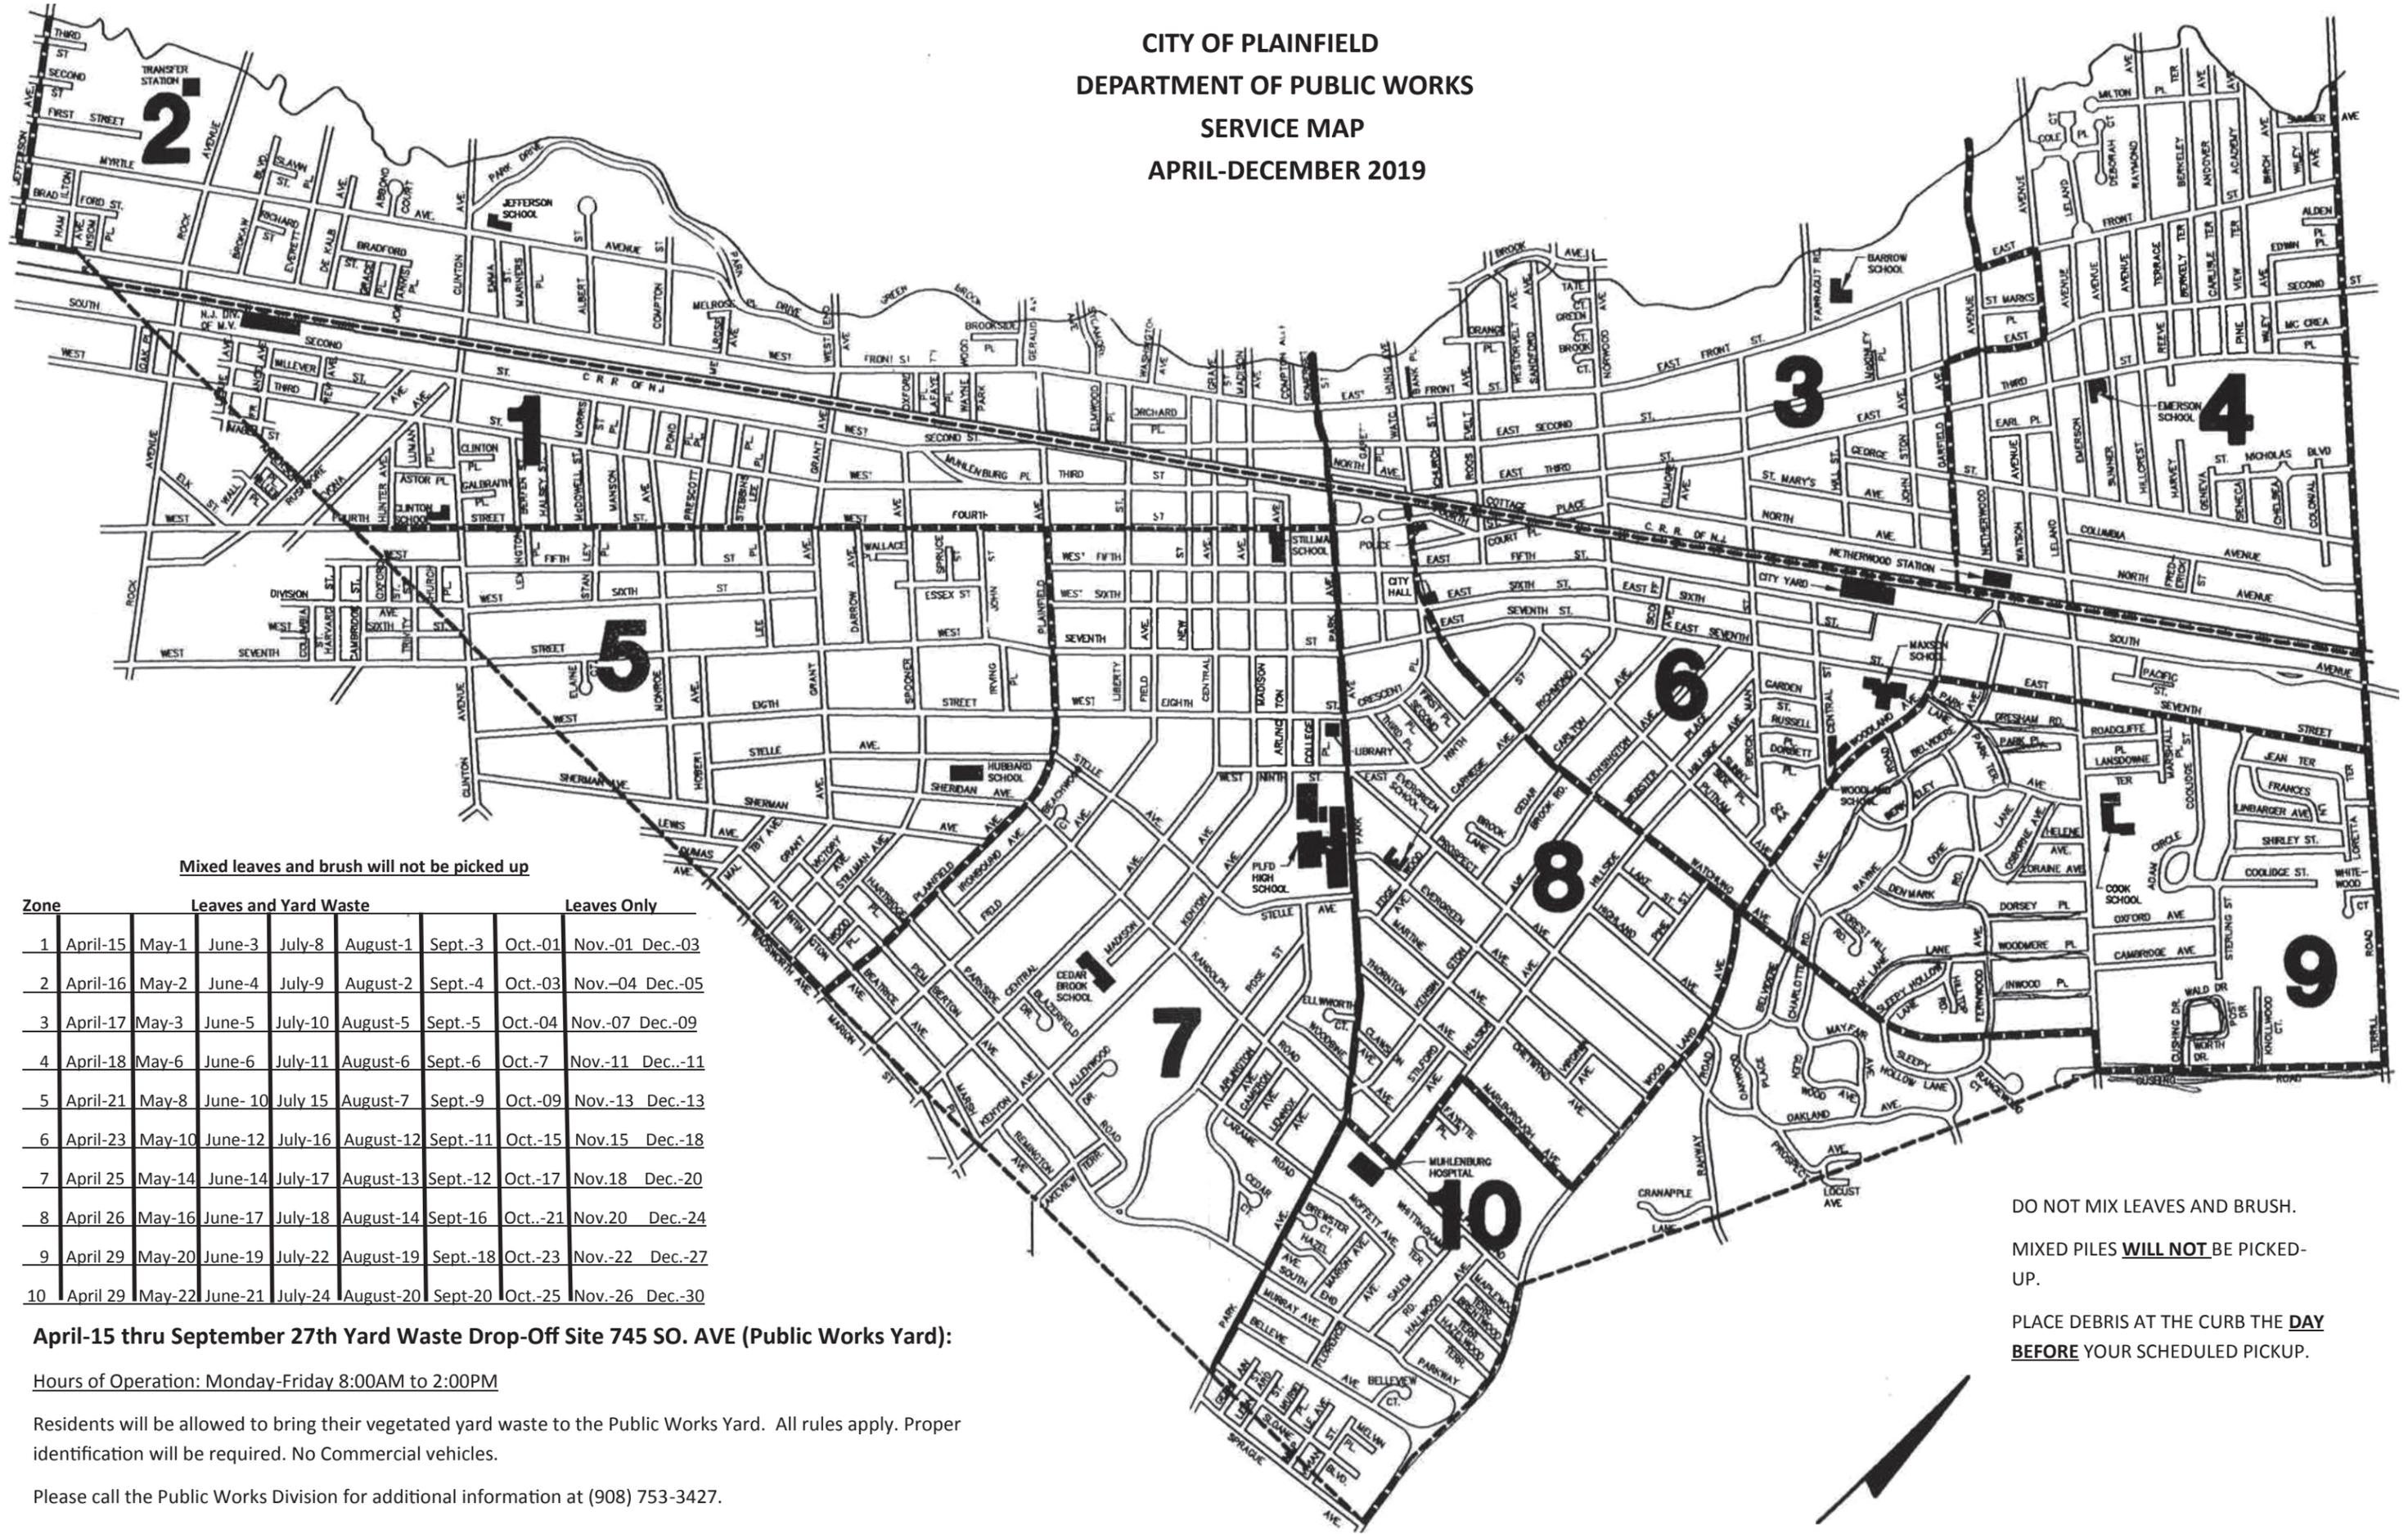

One Plainfield One Future.

Sincerely,

Adrian O. Mapp

Mayor
City of Plainfield
