

The Plainfield Shut-In Council provides assistance to the sick and incapacitated residents of Plainfield. They have assisted the sick and shut in kids, adults, and elderly of the Plainfield community for the past 50 years.

Even now the council prepares baskets at Thanksgiving filled with fruit and nuts, and Plants at Easter delivered to the shut in residents by C.O.F.F.E.E an auxiliary of the Plainfield Fire Department. The Council also supports the residents by distributing carbon monoxide detectors, smoke detectors, focusing lamps, hand magnifiers, and other essential personal items.

Shut-In members also visit the local nursing homes in the City to host monthly bingo games and activities.
